PRINT+FOLD

Miga

1. Cut out all Miga pieces.

2. Fold fin piece along dotted line and glue. Repeat for the arms.

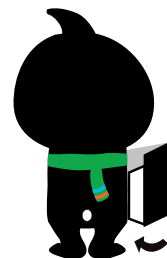

3. Bend along all dotted lines and make a slit along all solid lines. (Ask for adult supervision when making the slits)

4. Glue small tabs to the front and back of Miga's head, making it round.

5. Make body shape by gluing tab on Miga's side to the facing side of Miga's back.

6. Slide fin into slot on top of head.

7. Insert arms into slots on side of Miga's body.
