

2008-2009 Sport Event Calendar

In 2008-09, VANOC will test its operational readiness with a full series of Sport Events in order to test facilities, personnel and operations, including both competition and non-competition events. Sport Events will provide VANOC the opportunity to test various departments and collaborate with the winter International Sport Federations, while offering the Canadian public a chance to learn more about the winter sport disciplines that will be showcased at the 2010 Winter Games – and many of the athletes who will likely compete in 2010.
